

## MCFD Discount Savers Plan

Are you one of millions of Americans living without dental insurance? Are you embarrassed to smile, but fearful of the cost to get your beautiful smile back? Are you living in pain, convinced that you can't afford to fix your teeth?

Middletown Commons Family Dental understands that it is very difficult to take care of your teeth without dental insurance. We understand that it is even more difficult to care for yourself when you have a family that comes first. That's why we created the Discount Savers Plan (DSP).

The Discount Savers Plan is intended to help uninsured patients with their initial dental investment, and keep their yearly cost down. It provides patients with a low risk opportunity to see our office, meet our team, and get healthy again. Combined with our flexible payment options, we can make it affordable for you to get the dental care you need and deserve!
